Dear A. Guest
AMBITION.
"Some day I want to be rich," he said.
"O' money I'll work for a till full."
Another lad said with a toss of his head:
"I want to be clever and skillful."
A third and a fourth and a fifth lad told
What they held as their chief ambition,
And hoped to become as the years unfold,
Each wanting some high position.

Britain Offers Lower Rates For Summer Students
Britain will lure summer students this year with university rates that are 30 per cent less than last year.
Summer courses at British universities will cost only \$160 to \$185, including tuition, room and board. Six schools—Birmingham, Leeds, London, Nottingham, Oxford and St. Andrews—have at once announced plans to accommodate a total of 575 American and other overseas students.
Students from Europe will attend most of the schools, and facilities will be provided for young Americans and European students to meet to discuss problems of mutual interest.
All summer schools are within easy reach of interesting scenic and historic centers in Britain, and in some cases visits to such places will be part of the course.
Intended primarily for teachers and postgraduate students, the courses also are open to junior or senior year undergraduates with good academic records. The schools last for six weeks and are acceptable as credit-earning in American universities.
Trans-Atlantic fares, round trip, tourist class will be about \$330. The cabin class fares are from \$440.
A limited number of bursaries and travel grants have also been made available to American students by an anonymous donor and the participating universities.
These awards will be open to veterans and non-veterans alike. Veterans may apply for financial assistance under the GI Bill of Rights.
Applications and inquiries should be made through the Institute of International Education, 2 West 45th street, New York 19, N. Y.

Club News
Corbett H.D. Club
The Corbett H.D. Club held its regular session on Tuesday at the community center.
After business matters were disposed of, a reception period was held with all taking part. The hostesses, Mrs. Graham and Mrs. Newton Roman, served fruit cake, cookies and iced drinks. Mrs. O. B. Davis Jr. of Corsicana was a club visitor.
The next meeting will be held in the home of Mrs. Malcolm Roman.

Bank Deposits In Corsicana Over 22 Million
Deposits in Corsicana banks totaled \$22,419,420.73 at the close of business December 31, 1949, according to official statements published today.
This is an increase over the November 1, 1949 statement when deposits totaled \$21,718,914.90, but shows a slight decrease as compared to the same period a year ago when deposits totaled \$22,423,546.30.

How Eligible For Payments
Veterans eligible for payments under the War Claims Act of 1948 may obtain assistance in getting application forms by consulting with the American Red Cross office in Corsicana.
Mrs. Mary Simpson, executive secretary of the Navarro county chapter of the Red Cross, said the local office would write letters to the adjutant general's office at Austin for the claim papers.
She said the eligible person should come to the office for this aid.
Veterans who were prisoners of war during World War II, or their next of kin, are eligible for payments under the act, she said.

Say Explosions Spread Fire At Junior College
A view that a series of small explosions spread the fire at the Navarro Junior College laboratory Wednesday night was expressed today by two residents of the veterans' housing unit at the airport.
The men, Willie Hodge and Lonnie McGary, said they noticed the fire as they were returning to their homes Wednesday. McGary, Hodge said, rushed to the burning building when they arrived. Hodge said he drove to his apartment and called the fire department.
McGary was quoted as saying he went inside the building and saw but a small fire, that he grabbed an extinguisher and had the blaze partly under control when the extinguisher gave out. He told Hodge that when he left the building to get another extinguisher, he heard a series of small explosions and saw the fire fan out.
Hodge said McGary reported, "I believe I could have put the fire out if the extinguisher hadn't played out, or if there had been another available."
The veteran who turned in the alarm, said he returned to the scene of the fire and sounded the fire alarm on the field.
He said that when he learned it was the chemistry building which was on fire, he again called the fire department and told them the nature of the blaze.
"I made the second call," he said, "because I thought the department might want to bring additional equipment to fight that type of fire."
The blaze caused damage estimated at \$25,000, and destroyed the college's laboratory.

Damages Sought As Result Of Auto Collision
A two-car collision last Nov. 18 on East Highway 31 had resulted Friday in a \$10,600 damage suit against a Dallas woman.
O. H. Rutherford and wife filed the petition in Navarro district court, alleging that the defendant, Elory Webster Tapp, was driving on the wrong side of the highway at the time, and that plaintiffs were injured in the crash.
The accident occurred about 8 p. m.

LOOKING FOR JOBS
Facing into the new year, most individuals take a long look ahead and make at least a mental note of things they would like to accomplish, new ventures they might like to undertake. Here is one list of things to get attention during the confining months of winter, another of things which must wait for the warm days of spring, perhaps yet another of preparations to be made for projects at summer's end.

Lists like these are common enough dealing with the personal tasks and plans of the household. There ought to be yet another list, less personal but nevertheless for personal attention, of places where an added helping hand might be given to the improvement of the community, or just to its day-by-day life. It is only a handful of citizens who really plan and seek out ways to use their talents and skills to make their neighborhood and their community better. Most of us try to take and accomplish a job when it is brought to us, but studiously avoid going out of our way to look for community jobs.

Almost everyone has some special ability which the community sometimes could use. The community which gets the benefit of the many abilities of its residents is one which is a lively and interesting place in which to live, work and play. And the individual who finds a new way to use some skill for the benefit of his neighbors finds also a zestful pleasure he never knew before.

BUDGET
CONTINUED FROM FIRST PAGE
The budget message read by Senator Truman was the longest on record—27,000 words.
Mr. Truman stressed the importance of federal dollars to an expanding domestic economy. He said that the federal government was "prudent" in its spending, and that the "moderate" tax increases, "prudent" and "solid" as they were, were moving toward budgetary balance in the next few years.
The president also indicated that his tax-hike bill was aimed chiefly at corporations, whose income is already figured to yield \$10,518,000,000 of net income, and revenue, and estates and gift levies, which produce \$692,000,000.
The net increase in government income from his bill, he said, "will be substantially smaller than in 1951 than in subsequent years, owing to the time required for some of the changes to become fully effective."

COAL STRIKE
CONTINUED FROM FIRST PAGE
world's largest commercial coal producer, said none of its mines in Pennsylvania were working in most cases, the miners simply did not show up for work or appeared and went home immediately.
Pitt Consol employs about 4,000 men in Pennsylvania and about 8,000 in Ohio, West Virginia and Kentucky.
The company is headed by George Love, a leader in the mine operators' united stand against contract demands of President John L. Lewis of the United Mine Workers.
At nearby Library, Pa., site of a large Pitt Consol mine, a miner said: "We voted at a local meeting not to work. None of the miners will work at any of the company's mines."

H. E. Henderson Funeral Services Held On Friday
Funeral services for Henry Earl (Slim) Henderson, aged 65 years, died Thursday morning with a heart attack, were held Friday afternoon at 2 o'clock from the Corley Funeral Chapel. Burial was in Oakwood cemetery. The rites were conducted by Rev. Jack Goff, pastor of the North Side Baptist church.
Surviving are a son, Harold E. Henderson; a daughter, Mrs. O. F. Patterson, a brother, Bill Henderson, all of Corsicana, and two grandchildren.
Funeral services were held at the home of the deceased, 1015 E. 1st street, Sunday morning at 10 o'clock. The services were held by Rev. Jack Goff, pastor of the North Side Baptist church.

GAG RULE
CONTINUED FROM FIRST PAGE
The Maryland court in throwing out the contempt convictions said the news curb was "in the nature of censorship."
The state had contended that early announcement of the James conviction prevented a fair trial for him. But the appeals court said: "We find no direct evidence of prejudice in the community because of the broadcast information. The news cannot be held in a vacuum hermetically sealed against rumor and report. If a mere disclosure of the general nature of the evidence would vitiate a subsequent trial, few verdicts could stand."
Frankfurter wrote a 25-page opinion to explain the high tribunal's refusal to go into the matter at this time.
His opinion included eight pages citing recent English decision dealing with cases in which publications were said to have affected prosecutions of crimes.
Frankfurter said he referred to these cases "merely for the purpose of indicating the kind of questions that would have to be faced were we called upon to pass on the limits that the 14th amendment places upon the power of speech to safeguard the fair administration of criminal justice by jury trial from mutilation or distortion by extraneous influences."

Farm Home And Contents Total Loss From Fire
A home, and all its cheerful warmth, was reduced to smoldering ruins at Barry Thursday, while its owner helplessly watched the roaring flames.
J. N. Watkins, a farmer who resides four miles southwest of Barry, had gone to a store. Mrs. Watkins wasn't at home. And when Watkins returned, his house was a mass of flames.
A friend in Corsicana told the Daily Star that everything was destroyed. "No one was present to help extinguish the fire. And no insurance was carried."
The Watkins couple are natives of Navarro county. Two sons, Paul and Charles, are servicemen—one in the Marines and the other, Charles, just recently discharged from the army, as a sergeant. Mr. and Mrs. Watkins are now staying with neighbors in the Barry vicinity, it was reported.

WHEAT INTO RYE
They do everything in Russia, in advance of other countries and better. Any one doubting this statement should read Soviet propaganda. He will then learn that the most astonishing miracles are commonplace in the Communist paradise.
A recent wonder reported is the transformation of wheat into rye. This is announced by the Kremlin's pet biologist, Trofim D. Ly-senko, who professes doctrines about evolution which were rejected by Western scientists decades ago. His announcement is prefaced with the flattery of Stalin which apparently must accompany any Russian statement if its authors want to live a little longer.
Changing wheat into rye, say our biologists, is just one of the things which cannot be done, any more than changing a dog into a cat. Perhaps even that achievement will be announced in one of the next Soviet bulletins.

LESSON TO BUSINESS
Howard C. Hopson died almost forgotten, but fifteen years ago his name was well known. In the first Franklin D. Roosevelt administration he led the business fight against the bill banning holding companies. These organizations owned groups of public utility companies, gas, power and light, and drew profits from them, often contributing in turn only something vaguely called "supervision."
The choice of Hopson as field general of the holding companies was unfortunate. The company which he headed crashed, with heavy loss to its stockholders, and went into bankruptcy. Hopson, heralded as the champion of free enterprise, provided to represent the kind of freedom that harms the name of business. He eventually went to jail for mail order frauds.
Wise business interests, looking for an advocate, nowadays demand more than a persuasive voice. They look for a flawless record.

CHINA
CONTINUED FROM FIRST PAGE
The Council is scheduled to meet tomorrow with Chinese Nationalist Delegate T. F. Tsiang as council chairman for the month.
Russia's Izvestia forecast the renewed territorial drive by the Soviet's Chinese ally with a statement that "the people's democratic government of China x x x is determined to free all Chinese territory including Formosa, Hainan and Tibet."
Isolated Tibet, bordered by China, Burma, India and Kashmir, recently was described by the American radio commentator, Lowell Thomas, after a visit there, as the "most anti-Communist country in the world."

W. F. Allen Dies At Shreveport, La.
Friends here have been notified by Mrs. Dan Miller of the death of her father, W. F. Allen, longtime resident and pharmacist in Shreveport, La. Services were to be held this afternoon at 1:30 o'clock at the Osborne Funeral Home in that city.
Surviving are his wife, Mrs. Allen; Mrs. Miller; and grandchildren, Allen and Virginia Miller.

THE LOW-PRICED CAR
An era has ended if President Charles E. Wilson of General Motors is right. He says that the \$1000 automobile is a thing of the past. Costs are too high now to make a car that people would be willing to buy at that price.
If this is true, it will make a great difference in American life. The \$1000 car turned up later in the used-car trade for considerable less. This gave many persons without a great deal of money a chance to buy a serviceable automobile. A large section of American business came into existence on the theory that millions of buyers would pass by in cars. If only the relatively well-to-do owned them, this class of business would be decidedly less.

THE LOW-PRICED CAR
The ownership of cars by rich and poor alike has prevented the growth of the hatred which might have

Getting X-Ray Of Elephant Proves Difficult Job

ATLANTA, Jan. 9.—(AP)—Maybe Coca, Atlanta's ailing elephant, was just ailing for a little attention.

It's winter time, you know, and people don't go to zoos much when it's cold.

But cold, or no, they went to Atlanta's zoo at Grant Park yesterday — to see Coca.

And Coca revealed in the attention. Her spirit was gay. The visitors watched her. She watched them. She enjoyed the warm sunshine and walked around better than she had for some time.

Coca's new interest in life set up speculation that part of what's wrong with her was due to sadness because her friends had nearly quit coming to see her during the winter season.

For weeks, Coca has been suffering from a big bunion and a swollen joint. She has lost about 600 pounds since acquiring the ailment and for the most part has been lying in her remaining 5,500 pounds on three legs.

Three attempts to X-ray Coca's leg have met stubborn resistance. Twice her skin proved too tough for portable X-ray machines; one of those times, the machine even blew a fuse.

Another time 12 men, a truck, a tractor, 25 pounds of carrots and another elephant couldn't persuade her to go to Grady Hospital where they have a big X-ray machine.

No further attempts to X-ray Coca will be made until the middle of next week. It'll take at least 10 days to map out new strategy to do the job.

Services North Side Baptist Are Largely Attended

The services were well attended Sunday at the North Side Baptist church. There were 296 in the Sunday school and 113 in the Training Union. The pastor filled the pulpit at both the worship services.

A large number of the men will attend the Evangelistic conference in Dallas tonight.

Beginning Tuesday evening at 7:30 a course of study in the Book of Acts will be offered for every member of the church from 15 years of age up. We are expecting the largest attendance we have ever had in a study course.

The choir will meet for rehearsal on Wednesday evening. The Sunday school will meet for visitation on Thursday morning at 9:30. The W.M.U. meets each Monday afternoon at 3. The Junior R.A.'s and G.A.'s meet each Tuesday evening at 7:30. The Youth Fellowship program will be presented Saturday evening at 7:30.

Intoxicants Are Seized In Raids During Week-End

Three persons were arrested here over the weekend on bootlegging charges and officers seized a large quantity of alcoholic beverages. Liquor Control Board Inspector R. T. Bailey reported Monday.

Bailey and Constable Job Allen uncovered an illicit liquor store in a negro eastside residence Saturday evening. Among the beverages seized were 40 one-half pints of whiskey, six quarts of wine and 20 cans of iced beer, officers said.

Bailey and the sheriff's department staged two other raids Sunday, confiscating several bottles of booze. A white woman arrested had a large amount of beer hidden in a chicken house, Bailey said. The other man arrested was a negro.

Jo Stafford To Give Europeans Program Of Discs

HOLLYWOOD, Jan. 9.—(AP)—Chirper Jo Stafford is going to give European radio listeners large doses of swing and ballads, a taste of Americanism and minimum of bebop.

The popular singer hopes that recipe will bring her success as the first U. S. entertainer to invade Europe with a disc jockey program.

D-Day for the Stafford invasion came last week when her first half-hour show as beamed from Radio Luxembourg. The station can be heard in England and throughout Western Europe.

"One of the things we have already found out about the show," said Miss Stafford, "is that Europeans are not so hot about bebop."

The songstress has tried to present a well-rounded program, based on European musical tastes.

"I'll describe the background for some numbers," Miss Stafford said. "For instance, Europeans probably wouldn't know what a mule train is."

The program was arranged by Miss Stafford's manager during a European tour. So far it is unsponsored, but they hope for a bankroller when the show builds up.

In case they are worried, I might add that the singer will also play the records of Dinah Shore, Margaret Whiting and other female record stars besides Jo Stafford.

Sir Thomas Beecham Impressed By Texas; State Impressed By Beecham

By WILLIAM C. BARNARD
Associated Press Staff

Texas impressed Sir Thomas Beecham as much as he impressed Texas.

Last month the 70-year-old bad boy of British music flashed around the state, conducting symphony orchestras in San Antonio, Dallas and Houston.

Leaving New York, en route home, he had some things to say about Texans and Texas weather. And when he arrived in England last week he was still talking about Texas.

The conductor of the Royal Philharmonic Orchestra—a man who has spent a great, private fortune to give the world good music—picks a wallow wherever he goes. Through the years he has precipitated controversies, delighting in expressing sentiments contrary to public opinion. He easily gets away with such devilishness because he is one of the world's great musicians and an international authority on music.

On-stage, the goateed Beecham is magnificent. A fine, arrow-straight figure, he stands out before the audience, entirely in command of the situation.

Through the years he has precipitated controversies, delighting in expressing sentiments contrary to public opinion. He easily gets away with such devilishness because he is one of the world's great musicians and an international authority on music.

Attendance At Eleventh Avenue Shows Increase

January attendance at the Eleventh Avenue Methodist church has increased, Rev. E. L. Craig, pastor, announced Monday.

Craig preached at both services Sunday, speaking on "This One World of Ours and the Bible as Our Guide" at the morning hour. "Jesus, the Light of the World," was the evening hour's topic.

As a prelude to the morning service, Mrs. Clara Jenkins played Bach's "Prelude in C." For the offertory she played "Morning Prayer." The choir sang the anthem "Spirit of Life and Love" by Smith.

Thirty minutes of study and discussion featured the fellowship evening services at 6 p. m. January's general theme is "Churches Working Together" and Sunday evening's leader was Mrs. Malvin Keathley.

The children's division is centering its study on Japan, which will be the adults' topic for February.

At 6:30 p. m. all groups convened in the sanctuary for the preaching service, and a 30-minute fellowship period followed in the educational building.

Boy Scouts will meet tonight (Monday) at 7 o'clock; it was announced, and the board of stewards will meet at 7:30 p. m.

Midweek prayer service will be held Wednesday at 7:30 p. m., with Mrs. Joe Worsham directing.

The Mother's council is scheduled to meet at 7:30 p. m. Thursday, when parents and teachers of children are urged to attend.

Mid-year financial projects of the church are being brought to completion and the organ fund is steadily growing as announced by Mrs. John Canible, treasurer of the sponsoring Sunday school class — the Mary-Martha Class.

Morris Infant Rites Saturday

Funeral services for the infant son of Mr. and Mrs. Olin Morris of Corsicana, who died Saturday morning, were held from the Griffith Funeral home Saturday afternoon at 4 o'clock. Burial was in Oakwood cemetery. The rites were conducted by Dr. Jared I. Cartledge, pastor of the First Baptist church.

Surviving are the parents, a brother, Ronnie Blann, Corsicana; three sisters, Katherine, Betty Joyce and Linda Faye Blann, all of Corsicana; grandparents, Mr. and Mrs. Bell Morris, and Mr. and Mrs. Tom Tackett, all of Corsicana.

Bob Hope Escapes Serious Injuries

HOLLYWOOD, Jan. 9.—(AP)—Bob Hope was wise-cracking as usual Monday, lucky that he doesn't have some cracked bones. His shoulder was dislocated.

Driving home with Fred Williams, one of his gag-writers, after a weekend in Palm Springs, their car started skidding on wet pavement, swerved off the road, overturned and rammed a tree. Both men were thrown out.

Mine Explodes

TOKYO, Jan. 9.—(AP)—a derelict mine exploded at Koshino Village on the Japan Sea front injuring 40 persons and damaging scores of homes.

Police said today 37 homes were wrecked and 98 others were damaged badly. The explosion occurred Saturday.

Two United With First Baptist Church Sunday

Two united with the First Baptist church Sunday by letter.

Dr. Jared I. Cartledge, pastor, occupied the pulpit at both services Sunday.

The WMS met Monday afternoon and the scheduled meeting of the deacons for Monday night was postponed for one week.

There were 736 in Sunday school and 195 in Training Union.

Regular Wednesday evening services are slated with teachers and officers sessions and choir rehearsal.

Visitation will be made Thursday morning.

Dr. Cartledge went to Dallas Monday afternoon to attend the evangelistic conference.

Actress Myrna Loy To Get Divorce

HOLLYWOOD, Jan. 9.—(AP)—Myrna Loy, the screen's "perfect wife," will shed her third husband.

She said yesterday she made the decision after talking by phone with writer-producer Gene Markey in London.

She and Markey were married in 1946. She previously had been married to Producer Arthur Hornblow, Jr., and John Hertz, Jr.

Markey's first two wives were Joan Bennett and Hedy Lamarr.

Faye Emerson To Ask For Divorce

CUERNAVACA, Mexico, Jan. 9.—(AP)—Actress Faye Emerson appears in civil court here today to ask for a three-week Mexican divorce from Elliott Roosevelt, son of the late president.

Local laws do not require her to appear in person at the final court session to receive her writ of freedom.

Work To Start On Central Methodist Church Building

It was announced at the evening service on Sunday that if the weather permits, work will start this week on the new Central Methodist church, located on the corner of West Collin and Thirtieth streets. The present building and lot located on Sixth avenue and Eighteenth street are for sale.

Good crowds attended the Sunday school and worship services on Sunday. D. Y. Myers brought the devotional for the Sunday school hour in the adult department. Miss Tommie Caskey and

Miss Ruby Brister had charge of the children's department. The pastor, Rev. Marvin C. Bledsoe, preached at the morning worship service and Dr. D. A. Chisholm, district superintendent of the Corsicana district, preached the sermon at 6:30 p. m. worship.

protection of the Flying Arrow by U. S. naval units. He said the shelling of the ship was "entirely unlawful according to international law."

"According to standing naval regulations," Isbrandtsen said, "the U. S. navy should protect American vessels on the high seas and I hope it will be done in this case."

Most of the shelling took place on the high seas outside Chinese territorial waters.

Captain Jones said afterwards: "We were 19 miles from the nearest land and were anchoring in international waters when we were attacked unexpectedly by a Chinese gunboat."

"They blinked that mines were being laid. At the time of my anchoring they signaled: 'You must not enter.'"

"Shortly thereafter they started pumping shells into and over the ship."

"We saw shells going over the bridge and passenger cabins, plopping into the water on the other side, some very close."

"Even three short blasts on the steam whistle signifying my engines were going full astern did not stop them from firing."

Two Chinese Nationalist destroyer escorts tailed the vessel from the time she passed through Formosa Strait on her northward trip from Hong Kong. They fired at least 38 shells at the vessel before

they scored a hit. But once their gunners got the range they poured shots into her. Captain Jones said the ship's steering room was hit by 14 shells.

Afterdeck houses and the water tank were riddled by other shells.

The ship dropped anchor two miles off the mouth of the Yangtze river, main entrance to Shanghai's harbor. The Nationalists say they have mined the river's mouth. It may be possible the Communists in Shanghai have swept away the mines.

Fires broke out first on the ship's after deck. Then cargo in the No. 5 hold blazed up.

The Chinese attack started shortly after the 6:24 a. m. vessel arrived in international waters off the mouth of the Yangtze.

The Flying Arrow was the fourth Isbrandtsen ship shelled by the Nationalists as they tried to run the blockade. The Flying Trader was fired on Oct. 15 but escaped unharmed. The Flying Cloud was shelled Nov. 15 and the St. John Franklin on Nov. 28. Both were hit.

(In Hong Kong a fifth Isbrandtsen ship, the Brooklyn Heights, is scheduled to Oct. 15 but escaped unharmed. The Flying Cloud was shelled Nov. 15 and the St. John Franklin on Nov. 28. Both were hit.)

Eleven American members of the Flying Arrow's crew left the ship in Hong Kong rather than risk the trip to Shanghai. Additional crewmen, most of them British, were taken on. The ship's 12 passengers included seven women who are returning to Shanghai.

When today's attack began Captain Jones radioed all American and British warships in the area: "Fire on afterdeck by Chinese warship."

The Black Swan, which was shelled by Chinese Communists on the Yangtze last spring, came to the Flying Arrow's aid. She pulled to within 50 yards and her captain yelled through a megaphone: "I cannot take part in this war but, if you cannot extinguish the fire with your own resources, we will board and help."

A few minutes later British Tars swarmed over the sides and helped put out the fire.

(In Washington, the U. S. State Department declined comment immediately. Previously the State Department had repeatedly warned American ship captains to stay out of Chinese territorial waters.)

The United States and Britain do not recognize the Nationalist blockade.

The Flying Arrow left Hong Kong Saturday morning. She carried a general cargo for the Communist port. Sections of the ship were barricaded by 250 bales of cotton which would stop some shells.

Before the shelling started, one of the Chinese gunboats warned Jones by blinker signals to stay out of the Yangtze. The 31-year-old captain did not answer.

Three hours after the bombardment ended, a Chinese gunboat still lurked in the background.

(The British sloop Black Swan radioed navy headquarters in Hong Kong that the fire aboard the freighter Flying Arrow was out and the freighter no longer required the warship's presence.)

The message indicated the Flying Arrow was in no immediate danger and that the Black Swan was resuming its regular patrol.

(The message said the British sloop would be in a position to give the Flying Arrow any aid she might need unless the freighter tried to run into the Yangtze in which case the American ship would be on her own.)

TAIPEI, Formosa, Jan. 9.—(AP)—A Chinese Nationalist navy spokesman said today a gunboat fired on the American freighter Flying Arrow to keep her from entering a mine field and being blown to bits.

The spokesman said the Nationalist gunboat Wuling fired for effect only after repeated warning shots and signals failed to bring the Am-

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

tain Jones radioed all American and British warships in the area: "Fire on afterdeck by Chinese warship."

The Black Swan, which was shelled by Chinese Communists on the Yangtze last spring, came to the Flying Arrow's aid. She pulled to within 50 yards and her captain yelled through a megaphone: "I cannot take part in this war but, if you cannot extinguish the fire with your own resources, we will board and help."

A few minutes later British Tars swarmed over the sides and helped put out the fire.

(In Washington, the U. S. State Department declined comment immediately. Previously the State Department had repeatedly warned American ship captains to stay out of Chinese territorial waters.)

The United States and Britain do not recognize the Nationalist blockade.

The Flying Arrow left Hong Kong Saturday morning. She carried a general cargo for the Communist port. Sections of the ship were barricaded by 250 bales of cotton which would stop some shells.

Before the shelling started, one of the Chinese gunboats warned Jones by blinker signals to stay out of the Yangtze. The 31-year-old captain did not answer.

Three hours after the bombardment ended, a Chinese gunboat still lurked in the background.

(The British sloop Black Swan radioed navy headquarters in Hong Kong that the fire aboard the freighter Flying Arrow was out and the freighter no longer required the warship's presence.)

The message indicated the Flying Arrow was in no immediate danger and that the Black Swan was resuming its regular patrol.

(The message said the British sloop would be in a position to give the Flying Arrow any aid she might need unless the freighter tried to run into the Yangtze in which case the American ship would be on her own.)

TAIPEI, Formosa, Jan. 9.—(AP)—A Chinese Nationalist navy spokesman said today a gunboat fired on the American freighter Flying Arrow to keep her from entering a mine field and being blown to bits.

The spokesman said the Nationalist gunboat Wuling fired for effect only after repeated warning shots and signals failed to bring the Am-

erican merchantman to a halt off the mouth of the Yangtze river.

The Nationalist spokesman said the gunboat's fire was intended only to disable the freighter.

He said the Flying Arrow would have struck a mine inevitably and foundered with possible great loss of life if she had not stopped.

"The Wuling opened fire to save the Flying Arrow from complete destruction," he declared.

Nationalist quarters here said the incident proved that repeated warnings against ships trying to enter Chinese Communist ports was no bluff.

"Trade-crazy merchants should learn a good lesson," a source close to high Nationalist commented.

The general view here is that the Flying Arrow served as a test of the Nationalist blockade.

PRICE SUPPORTS

ernment would sell its stocks and thereby get money back, perhaps more than it paid for them.

Nonetheless, the budget estimated the government will take a net loss of \$510,000,000 on its farm surpluses during the current fiscal year and \$308,000,000 in the coming fiscal year. Losses result when the government sells its products for less than it paid for them under support programs.

Mr. Truman asked also for continuation of current direct farm subsidy programs. He proposed \$285,000,000 for payments to farmers who carry out approved soil and water conservation practices. This is the same amount voted for the current year.

He recommended also \$87,500,000 for payments to growers cooperating with the government's sugar control program.

The president would maintain appropriations for the national school lunch program at \$83,500,000. Coupled with local aid, this fund, he said, should provide an annual average of 1,213,000,000 meals for about 6,700,000 children.

He recommended \$400,000,000 in lending authority for the Rural Electrification Administration for further extension of rural power facilities and \$50,000,000 for loans for rural telephone systems. These two projects got \$400,000,000 and \$25,000,000 respectively for the current year.

He proposed \$160,000,000 lending authority, compared with \$103,000,000 this year, for the Farmers' Home Administration for rehabilitation and farm purchase loans to low-income farmers.

Bulldogs Winner Over Naval Air Station Outfit

By TALMADGE CANANT
Sun Sports Staff

The Navarro Bulldogs ran their undefeated string to five straight games Saturday night here with a 59-50 win over a stubborn Dallas Naval Air Station outfit.

The navy boys themselves were undefeated until they collided with the Bulldogs here Saturday. They are setting a hot pace in the Dallas city basketball league.

But a hot passing game, coupled with shooting that was just as torrid, set the Dallas boys down to their first loss of the season.

Oscar Crisman, sharpshooting Navarro guard, took high point honors for the game and the night when he played an accurate one-hand shot into 17 points. Long John Kenner, effectively guarded most of the night, broke loose in the closing minutes to end up in second scoring place with 11 points for Navarro.

For the Dallas crew, it was G. B. Long who carted off high honors, collecting 13.

Although Navarro led the entire game with the exception of the opening minute, the game was hotly contested all the way. The visitors excelled in hitting free shots, despite the fact that they were sniped at by boys with beam-shooters in the balconies.

However, they failed to collect their quota of field goals, and the fast-breaking Navarro boys had them tired at game-end.

Coach Ken Clark's crew gives every indication of being well able to go for title in the coming conference race. Their passing was sharp Saturday night, and they seemed to know the exact location of the basket.

The Bulldogs led at halftime by a 27-20 count, which was about the smallest margin of difference throughout most of the game.

Don Granger and Gerry Kenner contributed some fine offensive work to help the locals along, and Reed's work with Crisman was more than adequate. Hal Murphy turned in his best performance to date, and Ted Darland's work in the second half helped immeasurably in keeping the Bulldogs in the lead.

The next outing so far scheduled for Navarro is the January 11 game with Kilgore in the East Texas city, while the Bulldogs are en route to their conference opener with Texarkana. It is possible that a return game may be matched with the Naval Air Station before or after that date, however.

IT'S A BUY!

Ford Tractors are Real Bargains Because . . .

- First Cost is Low
- Upkeep is Little
- Performance is Big
- Resale Value is High.

With Navarro County Tractors low cost deal you get these 3 big advantages in the Ford Tractors—

1. Lifts and lowers implement at touch.
2. Automatic draft control . . . just sit 'em deep and uniform working depth is automatically maintained.
3. Triple quick changing of implement.

We'll prove it with a FREE demonstration on your farm. You be the judge. We'll pay you to get our price before buying any tractor.

Local Quint Won See-Saw Contest With Late Rally

By TALMADGE CANANT
Sun Sports Staff

The Corsicana Tigers took a late lead and froze out the Cleburne Jackets, 31-30, in the basketball opener on the junior high court here Friday night.

The Jackets, bent on making a season finish almost succeeded, in 90 seconds they whittled a 5-point Corsicana lead down to one point, with a free toss bringing them their 30th point after the final gun had sounded.

Captain Otis Redman's boys showed a lot of rough spots in their first outing, chief among which was chronic inability to hit the basket. However, scoring was more generalized among the Corsicans and this, in the end, probably helped toward their victory.

The game was very close all the way, with the late 5 point margin by Corsicana being the largest gap between the teams. Corsicana trailed, 5-8 at the first quarter, led, 15-13 at the half, trailed, 22-23 at the third quarter and finally came out on top.

Local high point honors went to three Corsicans who tallied 7 points each—Duane Nutt, Kenneth Stegall and Charles Bristow. Dandy Dick Miller, a fine little basketball player who was far and away the best player on the court, for the night, at least, captured high honors for the night with 14 points.

The Tiger B team suffered a fate similar to Cleburne's in the curtain raiser. They lost, 32-31 after having an edge over the visitors most of the game.

After trailing at the end of the third period, the Tigers came back to tie up the count at 23-23 and move ahead with a 31-26 advantage with 90 seconds to go. At this point the Jaguars put the ball in the deep freeze, making no attempt to score further, only to keep possession.

Miller stole the ball for Cleburne and put one through, and Bill Young sank a foul shot to make it 31-29 with only seconds to go. Just before the final gun, Miles was fouled, and sank the basket after time had run out to make the final tally 31-30.

The Tigers played good ball in spots, and were lacking in other spots. Their work in controlling the ball off the backboard was not good at times, and their passing showed need for further polishing if they are to make a

MR. AND MRS. CALVIN DRAIN

MISS JOHNNIE SUE GILLEN MARRIED TO CALVIN DRAIN AT HOME OF HER PARENTS

The marriage of Miss Johnnie Sue Gillen, daughter of Mr. and Mrs. John Gillen of Emhouse to Calvin Drain, son of Mr. and Mrs. R. M. Drain, Sr., of Black Hills, was solemnized at the home of the bride's parents Saturday evening at 6 o'clock with the Rev. Mr. Atkins as officiant for the single ring ceremony.

White gladioli and chrysanthemums provided a floral decor for the altar space, which was banked with seasonal greenery and illumined with glowing white tapers.

The bride was attired in a gray suit with navy accessories and an orchid corsage.

Mrs. Artis Drain served as matron of honor. She wore a gray suit with white accessories and a corsage of pink carnations. Artis Drain served as best man, and the usher was Lloyd Gillen, brother of the bride.

The bride's mother wore a blue suit with white carnation corsage, and the bridegroom's mother chose a black dress with corsage of white carnations.

Reception Follows Ceremony

An informal reception followed the ceremony. The bride's table was laid in lace and he a bridal arrangement of white gladioli and carnations. White tapers provided illumination for the dining room.

Mrs. J. D. Gillen presided at the three-tiered satin-iced cake. Mrs. Clifton Alexander served punch and Mrs. Lloyd Gillen had charge of the bride's bouquet. Assisting in hostess duties were Jaynie Gillen, George Ann Drain and Mary Alexander.

The bride was graduated from Emhouse School and is now secretary for the Texas Prudential Insurance Company in Corsicana. The bridegroom attended Emhouse High School and served 12 months in World War II.

Mr. and Mrs. Drain will make their home at 614 W. 4th Avenue, Corsicana.

District Court Criminal Docket Announced Today

County Attorney Charles T. Banister announced Friday the setting of the Navarro district court criminal docket for Jan. 25.

Eleven cases are on the docket. The defendants and the indictments returned against them, as listed on the docket, follow:

Mr. and Mrs. L. W. Fraley, each charged with murder without malice.

L. W. Fraley, assault with intent to murder.

Mike R. Farga, burglary (two indictments).

James Thomas Scrivner, robbery.

William Robert Leeman, robbery.

Clarence May, incest (three indictments).

J. C. Ellis, swindling.

Walter Eugene Crawford, attempted burglary.

These cases originally were slated for trial during the October term of court but were continued so that a new legislative law relative to jury selection could be compiled with.

Mrs. Grantham Goes To Waco, Dallas

Mrs. Gladys Grantham, chairman of Crippled Children's Work in Navarro county, visited Waco and Dallas this week in the interest of the local Society for Crippled Children.

Mrs. Grantham was in Waco Tuesday to place two patients in Dr. Herbert Hippe's Clinic. She was in Dallas Friday to hospitalize one patient at Dallas Medical Clinic.

Corsicana Postal Receipts Reach All-Time High Totalling \$150,759

An all-time all-high record of postal receipts in Corsicana was established in 1949 when a total of \$150,759.86 cash business was reported in statements released by G. C. Hudson and John J. Garner, postmaster and assistant, respectively.

December 19 saw a record made for the handling of first class letters and packages with 56,744 dispatched. This was during the Yuletide rush and compares with a daily average of approximately 8,500.

The 1949 receipts exceeded those of 1948 by \$21,432.24, and those of 1939, a decade earlier by a more than two to one margin. The 1939 figure is \$69,397.19. The 1949 total exceeded the 1939 amount by \$81,362.67.

The last quarter of 1949 showed 1,127,110 letters and packages and parcels of first class mail handled, excluding the \$22,941.82 metered mailings not included in the above figure. The December total of packages was 434,092 pieces.

The Collin Street Bakery is the largest customer of the post office—its postage bill exceeding \$20,000 for the year.

Air mail stamp sales in 1941 was \$1,919.62, and in 1949, it was \$3,411. In 1944, however, during World War II when packages were being flown around the globe to Corsicans in all branches of the service, the air mail stamp sales soared to \$19,749.79.

The receipts lagged somewhat at the end of the war, but again increased in the past few years as are shown in the following 11 years receipts:

1939—\$69,397.19.

1940—\$71,139.36.

1941—\$77,182.07.

1942—\$82,273.47.

1943—\$109,484.24.

1944—\$123,634.35.

1945—\$127,971.83.

1946—\$122,603.91.

1947—\$121,300.66.

1948—\$129,277.62.

1949—\$150,759.86.

The above figures represent only the revenues from the sale of stamps and post office box rents.

The figures do not include postal savings, post office money orders, savings bonds sale, etc., or governmental business that is postage free.

Even the money order fee goes directly to the U. S. post office department and the local office is not credited with it, the postal officials stated.

The picture will be shown to the public on Tuesday and Wednesday of next week, and will also feature the parade that preceded the graduation event.

Corsicana was signally honored by having two native sons, Joe D. York and Ben J. Acoc, Jr., receive their bars at the Lackland Air Base graduation.

Mrs. E. J. Acoc and daughter, Mary Elizabeth, and Mrs. Will Smalling of Corsicana, and Miss Sue Lewis of Ft. Worth, now Mrs. Joe D. York, were in attendance at the Air Base ceremonies.

Charles J. Brown Rites Are Held Friday Afternoon

Funeral services for Charles J. (Buddy) Brown, aged 63 years, who died at his home, 307 West First avenue, Wednesday night, were held Friday afternoon at 2 o'clock from the McCammon Funeral Chapel. Burial was in the First cemetery. The rites were conducted by Dr. Matthew H. Arnold, pastor of the Westminster Presbyterian church.

Surviving are his wife of Corsicana; two daughters, Mrs. Edgar A. Paine, Hamilton, and Mrs. Robert E. Shultz, Anahuac; a son, Ned Brown, Corpus Christi, three brothers, Will Brown, Corsicana; Carl Brown, Frost, and Ross Brown, Dallas; two sisters, Mrs. A.S. Handley, Corsicana, and Mrs. Claude Hightower, Winters, and other relatives.

Funeralbearers were Bell White, Jr., J. M. Tullis, Rufus Pevchov, Fred Rawlinson, James Fogarty, C. W. Hitchcock, Fletcher Bonnett, Everett Hightower and Ernest Hooser.

Film Director Dies

MILAN, Italy, Jan. 9—(AP)—Monty Banks, film director husband of British Comedienne Gracie Fields, will be buried tomorrow in Cesena.

Banks, 50, died in nearby Arona after suffering a heart attack Saturday.

NEW RELIEF! For Stuffiness, Coughs of Colds

You know—like millions of others—how wonderfully effective Vicks VapoRub is when you rub it on.

Now...here's amazing, special relief when there's much coughing or stuffiness, that "choked-up" feeling. It's VapoRub in Steam... and it brings relief almost instantly!

Put 1 or 2 spoonfuls of VapoRub in a vaporizer or bowl of boiling water. Then—breathe in the soothing, medicated vapors. Every breath eases coughing spasms, makes breathing easier. And to prolong relief—rub VapoRub on throat, chest and back.

Use it in steam... Rub it on, too! VICKS VAPORUB IN STEAM VICKS VAPORUB

Nokes To Address Farm Workers At Jan. 12 Meeting

A review of farming for the last 50 years will be given by State Senator George O. Nokes, Jr., at the January meeting of the Navarro County Agricultural Workers Association.

Nokes will address the group following dinner at 7 p. m., Jan. 12, in the Navarro Hotel Cactus Room. The legislators also will discuss agriculture's future.

Association Secretary C. Harrison Fendley, announced that the new 1950 officers would be installed through the secretary, last year's officers' pledge their fullest cooperation with the new officers, declaring "it has certainly been a pleasure to work with all of you."

C. A. Vaughn is program chairman for the Jan. 12 meeting.

J. B. Smith Is Assistant In Census Office

J. B. Smith of Mexia, retired army major, assistant district census supervisor, arrived in Corsicana Monday after attending a school of instruction last week in Dallas. He will be assistant to G. E. Adams of Bryan, supervisor for the Sixth Congressional District.

Major Smith, retired, was with General Jonathan Wainwright and was captured by the Japs at Bataan. He lost a leg from machine gun wounds sustained shortly before the surrender. He was in Japanese hands 3 1/2 years.

Schools of instruction will be held in each of the counties for enumerators and crew leaders in March. Smith stated. The enumerators will receive an average of \$8 per day, based on piece work in cities, while in the rural areas the pay will be the hour or piece work—approximately the same pay as noted above.

There will be three crew leaders in Navarro county.

There will be one enumerator for about each 1,000 people in the district.

Applications are being taken at the district census office on East Sixth avenue—Erwin-Basley building—for enumerators.

The actual census will begin on April 1.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CAR TUNES

—by Jack Sisco Motors

I guess it's O. K. but I'd much rather have JACK SISCO MOTORS wash, polish and lubricate my car.

OLD FASHIONED THANKS TO YOU

—who have entrusted to us an increasing amount of your business and enabled us to grow so rapidly in the last ten years. We are now more than three and one-half times as large as we were at the close of 1939. We are grateful.
